EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Thomas Ham on 5/11/06.

The application has been amended as follows:

Please cancel Claims 1-2, 6-13 and 20-21.

REASONS FOR ALLOWANCE

Claims 14-19 and 22 are allowed over the prior art of record based upon the arguments presented in the remarks submitted on 02/22/2006 and for the reasons stated below.

The following is an examiner's statement of reasons for allowance: The Prior art does not teach or fairly suggest the subject matter of these claims. Independent Claim 14, when considered as a whole, is allowable over the prior art of record. Specifically, prior art of record fails to clearly teach or suggest the method for displaying a multi-component icon with a pair or wing icon portions directly attached and protruding from a

main portion, the same number of variations greater than or equal to the variation of a common characteristic upon determining such characteristics that are common among a set of data objects as seen in Claim 14.

Dependent claims 13-19 and 22 further add limitations to the allowable subject matter of the respective independent claims, thus are also allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
